EXPERIENCE

Viva Spaces | Remote

Jul 2025 – Present

Frontend Developer & Product Designer

- Contributed to the design and frontend development of a PropTech accommodation booking platform.
- Designed and implemented key user flows, screens and responsive UI components using Next.js, React, TypeScript and TailwindCSS.
- Collaborated with stakeholders to improve booking workflows and user experience.
- Worked across UX design, frontend implementation and product iteration.

Studio ARG | Hyderabad, India

Jun 2025 – Jul 2025

UI/UX Designer & Frontend Developer

- Designed and developed the complete website for a Hyderabad-based architecture and interior design studio.
- Created branding, information architecture, wireframes, design systems and frontend implementation from scratch.
- Managed client communication, design, development, testing and deployment.
- Delivered a production-ready website at studioarg.in.

XverseMeta Technologies | Hyderabad, India

Jan 2025 – Jun 2025

Frontend Designer & UX Lead

- Led UX and interface design initiatives across SaaS platforms, dashboards and web-based products.
- Designed and refined 100+ screens and product modules across multiple client and internal projects.
- Collaborated closely with developers, product teams and stakeholders to translate business requirements into user-centered experiences.
- Bridged design and frontend implementation to ensure accurate execution and improved product quality.

FEATURED PROJECTS

Café Ember

Luxury Hospitality Experience Platform

- Designed a premium luxury café digital experience focused on cinematic storytelling, immersive branding and conversion-focused user journeys.
- Created the UX strategy, visual identity, interface system and responsive frontend implementation.

Live: cafe-ember.vercel.app

Velora Estates

Luxury Real Estate Platform

- Designed and developed a luxury real estate platform showcasing premium properties through modern UI patterns and responsive experiences.
- Implemented high-end visual interactions, property discovery flows and mobile-first layouts.

Live: velora-estates.vercel.app

Studio ARG

Architecture & Interior Design Portfolio

- Delivered a complete architecture and interior design portfolio platform combining strong visual branding, modern UX principles and responsive frontend development.
- Designed and developed the project independently from concept to deployment.
- Focused on storytelling, premium aesthetics and mobile-first experiences.

Live: studioarg.in
